

Rixton Tennis Club Information

Our club is over 100 years old starting as private courts primarily for the members of the local Methodist church on chapel lane. Known then as grass courts until later converted to shale as we know them today. The local community later had the ability to join which later formed the club. Over the years Rixton has seen many players come and go with some members who have played at Rixton for over 50 years.

Our goal as a club is continuing to provide a place to play tennis and socialise whether that's playing in our league match's or sticking to social games on a Sunday.

We are a members run club meaning every year we hold an AGM which will decide who will manage the club for the following season. All money collected from memberships, match fees etc are only used for the upkeep of the club.

A Few Rules to keep in mind.

- Our neighbour's matter and we would like that all members accept that by respecting their privacy and keeping unnecessary noise to a minimum.
- Membership fees must be paid before the 30th April or risk being removed from the WhatsApp group and not given access. (we prefer if members are planning on not renewing their membership, they kindly inform one of the committee members)
- we host league match's which mainly take place on a Tuesday/Thursday afternoon depending on the fixture however may be rearranged. These match's take priority.
- After playing we ask members to brush the courts and clean the lines to ensure they are ready for the next match
- New match balls are primary used on match days we ask you to use the already open tins the club provides (no need to buy balls)
- Juniors under the age of 16 are not allowed to use the courts without a parent/guardian present (Adult must be a member)
- Any guests must be made known to a committee member and pay a £5 fee.

Thank you for joining.

We hope you enjoy your time at Rixton Tennis Club and if you need any advice or concerns, please contact us below...

Easiest way of paying membership is by bank transfer.
